Why a LEADERSHIP Programme for Women?

The NEED exists

- Very high gender gap in managerial and leadership roles
- Only 25% women in supervisory roles and less than 2% at CXO level
- Skill-Will gap requires motivation and self discovery learning.

How Programme helps?

- Transformational in nature through self exploratory and peer enabled learning
- Mapping individual potential and goal setting for personal development
- Mentoring and training by the best in the industry
- 360* experiential learning through peer group interaction

Benefits

- Trained pool of women professionals in the organisations ready to take up additional responsibilities in project and leadership roles
- Improved gender ratio in managerial and leadership levels
- Enhancing and leveraging women talent pool to augment growth
- Network of mentors or inspirational leaders to tap into

Accelerated Leadership Program 2.0
